

## Letter of Conformance

# K&M Machine-Fabricating Inc.

Prescott LLC. issues this Letter of Conformance (LOC) to the above-named, after assessing the facility and systems and finding it in conformance with National Institute of Standards and Technology (NIST) SP 800 – 171 Revision 2 Protecting Controlled Unclassified Information in Nonfederal Systems and Organizations dated February 2020. This assessment determined the extent to which the organization's scope and functionality support Defense Federal Acquisition Regulation Supplement (DFARS) 252.204-7012.

The performance of the K&M Machine-Fabricating organization as a build-to-print company within the Department of Defense (DoD) Defense Industrial Base (DIB) Supply Chain provides:

- Machining
- Welding
- Assembly Services

The above organization has demonstrated through assessment, the necessary organization, impartiality, calibration, and/or logic compliance with the requirements of DFARS 7012. This LOC and supporting documentation are not transferable and do not represent certification.

Report Issue Date: May 16, 2023

Valid Until: May 16, 2024
